The Falls Explorer - A'Zambezi River Lodge

Day 1: Victoria Falls

On arrival at Victoria Falls airport you are met and transferred by shuttle service to your lodge, which is located near the banks of the Zambezi River and only a short drive from town centre.

In the late afternoon you head to the Zambezi River where you board a sunset cruise. Enjoy snacks and drinks while you watch out for hippo, Nile crocodile and elephant. As you drift down the river, watching the incredible orange sunset, you really do feel that you are in Africa. The sunsets here are stunning, with the red soil of nearby Namibia providing deep orange skies. **A'Zambezi River Lodge - standard river-facing room.**

A'Zambezi River Lodge

On the riverbank, a few moments before the Zambezi River thunders over Victoria Falls, is a tranquil place where life takes on a different pace. Surrounded by trees and landscaped gardens the A' Zambezi River Lodge is a stylish, yet relaxed resort-style lodge where guests can enjoy a riverside location within five minutes' drive of Victoria Falls town. With 87 rooms, laid out in a crescent shape around a vast central swimming pool, the lodge offers both garden facing and river facing rooms. The modern African décor creates a relaxing atmosphere in both the rooms and the social areas. The open air restaurant is situated beside the Zambezi River and the Amulonga Bar has stunning views of the river and its islands. This stylish hotel is a great spot to enjoy the relaxed atmosphere of the river whilst having the convenience of being close to the activities enjoyed in this region.

Day 2: Victoria Falls

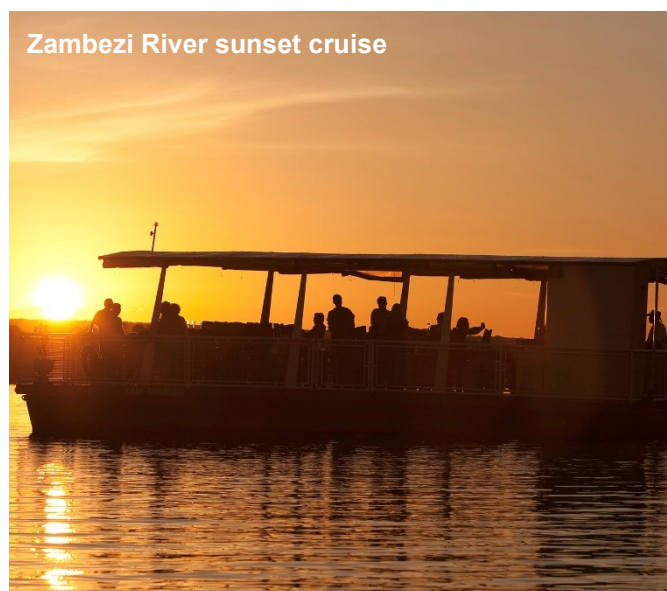

After breakfast you join an informative guided tour of Victoria Falls on the Zimbabwe side. Accompanied through the rainforest by a qualified guide you hear a brief history of the falls as well as information on the flora and fauna and other points of interest.

Victoria Falls represents one of the most spectacular natural wonders of the world. The local people call it 'Mosi-oa-Tunya' - the smoke that thunders. There is a magic about the Falls manifested in the towering column of spray when the river is high. Victoria Falls is 1,708 metres wide, making it the largest curtain of water in the world. It drops between 90m and 107m into the Zambezi Gorge and an average of 550,000 cubic metres of water plummet over the edge every minute. Remarkably preserved in its natural state, Victoria Falls inspires visitors as much today as it did David Livingstone in the 1860s. The Falls and the surrounding area has been declared a national park and a World Heritage Site.

After the tour you return to your lodge for an afternoon at leisure. Relax by the pool, head into town for some souvenir shopping, or join an optional excursion (additional cost). Options include scenic helicopter flights over the Falls, game drives in nearby national parks and village visits. **A'Zambezi River Lodge - standard river-facing room (B).**

After breakfast and check-out you are transferred to Victoria Falls airport for your onward arrangements. **(B).**
