### Day 1: Chobe Princess, Chobe River

On arrival at the Kazungula immigration post if coming from Victoria Falls, or Kasane airport if flying in, you are greeted and transferred to the departure pier, via Namibian immigration, for your cruise check-in.

Once all guests have boarded in the late afternoon your cruise on the Chobe River sets sail. This is the perfect time of day to take some iconic shots of the animals as they gravitate towards the river before night falls. After a safety briefing, you'll make your way to the dining room where you'll be served a plated three-course dinner along with a choice of paired wines. Finish off with a nightcap with your fellow travellers before retiring to the night sounds of Africa. **Chobe Princess (FI).**

### Chobe Princess

Cruising on the northern section of the Chobe River, the Chobe Princess fleet offers guests an affordable houseboat experience. As you drift along the Chobe River and spot incredible wildlife, you'll be able to completely relax on your intimate river safari.

Each cabin has large picture windows for views directly from your king sized bed, an ensuite bathroom and modern décor. On the upper entertainment deck, a spacious lounge and bar area encourages you to take time out while there's also a plunge pool that's perfect for a refreshing dip. Each triple level houseboat has a minimum of three smaller "tender" boats for use on daily excursions enabling guests to encounter river based animals close-up. With over 450 bird species found in this wetland paradise you are also guaranteed to spot your favourite birds. Try your hand at landing a tiger fish, or capture Africa's unique beauty on a photographic safari. After a day spent doing as you please, fall asleep with the sounds of the river drifting through the night.

### Day 2: Chobe Princess, Chobe River

During your morning, perhaps enjoy a water-based safari or a village tour on the Namibian side of the river, partake in a spot of bird watching or catch and release fishing. You may even decide to simply remain on board as your riverboat glides its way along the banks of the Chobe River.

After your morning activities, enjoy lunch on board while using your unique vantage point to spot wild animals and drink in the expansive views. Join your guide in the afternoons for a water-based safari on a tender boat where you can get up close to an array of wildlife, including some of the 100 000 elephants for which the Chobe is well known. Game viewing on the Chobe River is at its most exceptional from March to November when the weather is drier and the animals are more mobile as they search for food and water. Summer and spring also offer unique opportunities as you witness the landscape burst into life after the first rains of the season. After a delicious dinner, settle down for a restful and tranquil night in your cabin. **Chobe Princess (FI).**

### Day 3: Kasane

Enjoy a morning cruise during breakfast as you do your last bit of animal spotting and take some memorable pictures. Bid your crew farewell and then make your way via tender boat to the Namibian Immigration Office. Once you've had your documents stamped you'll be transferred via tender boat to the Kasane Immigration Office, where you will enter Botswana. Here you will meet your transfer driver and transfer to Kasane airport.
