Camp Kuzuma - 3 day package

Day 1: Chobe River / Kazuma Forest Reserve

On arrival at Kasane airport you will be met by a representative and assisted with your luggage, before transferring to the Chobe River nearby for a motorised water-based safari (arrival time dependent). A river cruise offers unique game viewing and bird sightings on the river and riverbank.

Chobe National Park has about 100,000 elephant, one of the biggest concentrations in Africa. It is also notable for huge herds of buffalo and zebras, lechwe, Chobe bushbuck and puku antelope. Predator cats, including lion, leopard and cheetah are also present in Chobe and there's a chance, particularly in spring, you may see one of the cats come to the water's edge to drink. Chobe is also rich in bird life with the Pel's fishing owl a favourite, along with the strangely beaked African skimmer and African fish eagles. Your motorised-boat cruise includes drinks and snacks. After the cruise you will be transferred by a Camp Kuzuma representative to your accommodation, arriving in time to freshen-up before dinner. Dinner is a fine dining experience enjoyed under the stars at camp. **Camp Kuzuma - standard luxury tent (FI).**

Camp Kuzuma

Camp Kuzuma is a five-star traditional safari camp located in northern Botswana. Accommodating a maximum of 10 guests, a stay at the property relives the days when going on safari was a social event and rangers went out of their way to indulge their visitors.

The five luxurious tents at the camp are designed to capture the ambience of a 19th century safari. Each is themed to showcase the story of an African explorer. Furnishings, knick knacks and even personal artefacts provide a unique ambience to each suite. Hat racks, travel cases, antique binoculars and historic photographs add to the camp's explorer theme. Each tent has an en suite with a toilet, basin and shower. A large common canvassed tent with an open plan bar and lounge complement your authentic safari experience and encourage social interaction between guests. Dining is a feast for the eyes and stomach with the head chef planning meals to delight. The deck and pool overlook a floodlit waterhole, which is frequented by an abundance of wildlife. It is not unusual for the local elephant population to drink from the pool in dry times. Kazuma Pans are known as a traditional stomping ground for big cats. Prides of lion are often seen directly from the camp. Their prey surrounds the camp in the Kasane Forest and Kazuma Pans.

Day 2: Kazuma Forest Reserve and Pans

Positioned on an ancient elephant corridor between the Chobe and Hwange National Parks, Camp Kuzuma offers abundant elephant viewing particularly in the dryer winter months from July onwards. A spectacular diversity of wildlife moves through this immense wilderness, including breeding herds of elephant, leopard, lion, spotted hyena, giraffe, large buffalo herds, roan antelope and sable to name a few. Camp Kuzuma has access to its own 20,000 hectare private concession affording its guests guided walks as well as 4WD game drives. Your day includes game activities in the early morning and late afternoon, along with time in the middle of the day to rest. You can enjoy a spa treatment at the camp's spa centre, take a dip in the pool, or sit by the camp's waterhole, where the wildlife literally comes to you. On return from your afternoon game safari enjoy a sundowner drink as the sun sets over the pans followed by a scrumptious dinner. **Camp Kuzuma - standard luxury tent (FI).**
