Wildest Dreams

Day 1: Nairobi

On arrival in Nairobi you will be met and transferred to your hotel. Remainder of the day is at leisure. **Tamarind Tree Hotel - standard room.**

Tamarind Tree Hotel

Tamarind Tree Hotel is ideally located just 5 km from the southwest of Nairobi within the spacious Carnivore grounds and its iconic Carnivore Restaurant. The hotel offers easy access to all parts of the city and its national park, as well as to the country's many diverse attractions via the neighbouring Wilson Airport. The nearby Langata and Karen suburbs are among the liveliest and most popular in Nairobi with world-class shopping malls and excellent restaurants. Each of the 160 guest rooms and suites have been designed using modern fittings whilst expressing an authentic earthy feel. All rooms are air-conditioned, have complimentary Wi-Fi and a 43-inch flat-screen television with satellite channels. Complimentary in-room tea and coffee facilities and double-glazed windows ensure you have a peaceful night's sleep.

Day 2: Amboseli National Park

This morning you transfer to Nairobi's Wilson Airport for a scenic flight south towards the Tanzanian border. Your two night stop is at Kilima Camp which offers views of Mount Kilimanjaro from the camp. After lunch at the lodge you take an afternoon game drive within the park. **Kilima Camp - standard en-suite tent (BLD).**

Kilima Camp

Located in Amboseli National Park, next to the Kimana Gate Park entrance, Kilima Camp sits within a 420-acre site with clients enjoying game viewing and views of Mount Kilimanjaro from their tents. The Kimana area of Amboseli is famous for its large elephant population with 'big tuskers' seen regularly at waterholes and roaming the dry flats of the park. Although a larger camp, with 70 tents and rooms, Kilima Camp's accommodation is scattered throughout the surrounding bush affording guests a good level of privacy. The tented rooms are spacious, with African décor and private en-suites. The communal areas have thatch roofing with wide terraces affording views of Mount Kilimanjaro across the camp's vast swimming pool.

Day 3: Amboseli National Park

Enjoy morning and afternoon game drives as hosted by your lodge. With a backdrop of Africa's highest peak, Mount Kilimanjaro, Amboseli offers travellers spectacular views of this African icon from its flat plains. On a clear day even the worst photographer cannot help but capture magical memories as animals tend to roam in the foreground, framing the mountain behind them.

The Maasai people, who call the park and its surrounds home, have a close relationship with tourism. Their communities operate many of the game lodges and safari camps. The park's large tusker elephants roam the plains in search of water supplied by a constant underground water table. **Kilima Camp - standard en-suite tent (BLD).**

Day 4: Masai Mara National Reserve

After two short safari flights you arrive in Kenya's premier wildlife park; Masai Mara National Reserve. On arrival at the Masai Mara airfield you are met by a representative from camp who will transfer you to your camp for lunch. In the afternoon join a shared game drive hosted by Mara Fig Tree Camp. Enjoy your first taste of this exceptional 'big five' reserve. Your game drive extends into the late afternoon, or early evening, when predators and the reserve's Masai lion prides are most active. **Mara Fig Tree Camp - standard en-suite tent (BLD).**

Mara Fig Tree Camp

Mara Fig Tree Camp is located on the banks of the Talek River on the northern border of the reserve. This central location makes all areas of the park accessible during game drives, especially during migration season. Each room conveniently lines the Talek River overlooking the plains of the game reserve. The camp comprises of 38 safari tents and 22 garden chalets all with en-suites and private balconies. Several facilities and services, such as the two bars, a main dining room, an open-air dining area and tree house coffee deck attract guests, along with a video room, guest lecture facilities, swimming pool and curio shop.

Day 5: Masai Mara National Reserve

Your day is spent on morning and afternoon game drives. Famed as one of the top game parks in the world, the Masai Mara Game Reserve is a highlight of any visit to Kenya. Undulating pastures, rocky outcrops and cloud-covered savannahs attract the 'big five', along with high volumes of grazing animals. Game viewing in the Mara can involve lively encounters due to the large number of predators living within the park and its surrounding conservancies. Lions hunt en masse, with sightings of large prides commonplace. Leopard, cheetah, rhino, elephant and hippo inhabit the region throughout the year, whilst up to 1.5 million zebra and wildebeest call the Mara home between August and October during the great migration. The Mara and Talek rivers form dangerous crossing points as the migration turns north to enter the Masai Mara from its southern neighbour, the Serengeti National Park. Time spent in the reserve, or its neighbouring conservancies, offers great game viewing, cultural experiences and an insight into the importance of reserves in conserving Africa's wildlife. **Mara Fig Tree Camp - standard en-suite tent (BLD).**

Day 6: Ngorongoro Conservation Area

Following an early morning game drive and breakfast, you transfer to the airfield for your flight departing at 11:00 am to Nairobi, arriving at 12:15 pm. Board a connecting flight to Kilimanjaro Airport in Tanzania, arriving at 2:10 pm. Clear customs then continue on a short flight to Lake Manyara, where you meet your private vehicle and guide. Continuing south by road you enter the Great Rift Valley and the Masai steppe towards the Ngorongoro Crater for a two night stay. Your lodge offers views of Oldeani Mountain and across to the Ngorongoro Crater Rim, which is around 12 kilometres away. **Ngorongoro Oldeani Mountain Lodge - standard room (BLD).**

Ngorongoro Oldeani Mountain Lodge

This popular colonial style lodge is situated on a picturesque hill with spectacular views of Oldeani Mountain and across to the Ngorongoro Crater Rim. The lodge's elevation offers guests 360 degree views that extend all the way to Lake Eyasi and Lake Manyara. Each of the 50 suites are tastefully decorated in a classic colonial style and each has infinite views of the surrounding area. The lodge oozes authenticity with the main lounge featuring a large open fire for cooler evenings and a grand central hallway. A spa treatment centre, boutique, rim flow pool, billiards room, internet cafe and children's game room offer plenty of activities for guests to use in-between twice daily game drives. Set on 40 acres of gardens, Oldeani Mountain Lodge is a mid-sized lodge with an intimate appeal.

Day 7: Ngorongoro Conservation Area

In the morning you drive to the Crater and descend into the caldera for an extensive game drive. A picnic lunch is enjoyed in the crater, affording you extra time in this fascinating game area. Words cannot describe the thrill of game driving in the crater; it is certainly a natural phenomenon. Many travellers list the Ngorongoro Crater as a main highlight of their time spent in Tanzania. The crater is factually impressive being the world's largest inactive volcano, the biggest intact caldera in the world and the result of a three million year old volcano, which was once the highest peak in Africa.

Wildest Dreams

Residing within the crater are over 25,000 animals, including large herds of zebra, buffalo and wildebeest. Rhino, hippo and elephant are the mainstay of the larger mammals, with some Masai lion prides spending their entire lives within the crater. The 600 metre deep walls of the caldera limit the movement of the majority of its inhabitants, ensuring good game viewing year round. **Ngorongoro Oldeani Mountain Lodge - standard room (BLD).**

Day 8: Serengeti National Park

This morning you drive in your private vehicle to the Serengeti National Park, where you spend two nights. Your game drives will be enjoyed with your private guide during your stay. Today's afternoon game drive gives you the opportunity to search for the park's wildlife en route to your camp. **Serengeti Sojourn Camp - includes all meals, soft drinks, local beer and house wine by the glass. (In April/May accommodation is at Ole Serai Luxury Camp Turner Springs or Moru Kopjes* and includes all meals, soft drinks, juice, local beer, house wine and non-premium spirits).**

**Your camp will be allocated at the time of booking taking into consideration the wildlife viewing season and availability at each camp. Safaris taken in smaller camps, located close to popular animal sighting regions, allow guests to enjoy a close, personalised experience in keeping with safaris of days gone by. Game drives are hosted by the camp's own rangers, affording guests an in-depth knowledge of the region and its wildlife. These smaller camps are social and friendly with guests often joining their fellow travellers for pre-dinner drinks and communal eating.*

Serengeti Sojourn Camp

Located in Serengeti National Park, the camp is strategically located to be in the best location for game viewing and following the migrating herds. Each camp comprises of a minimum of ten luxury tents so that the experience is very intimate, yet has the benefits of shared facilities. The camp only operates in times when great game viewing is expected and there is demand for the camp. Tents are fully furnished with en-suite flush toilets and gravity-fed showers. Spacious verandahs provide spectacular views of wildlife and plains of the Serengeti National Park. Each day the camp's chef prepares exciting meals timed to match your game viewing activities and a sumptuous dinner after a day on safari.

Ole Serai Luxury Camp - Turner Springs

Lying 17 km from Seronera Airstrip, Turner Springs lies right in the heart of central Serengeti. The spectacular and secluded location of this camp boasts year-round game, which choose to graze around the camp due to its contoured landscape and location next to three water catchments. The large acacia trees spread sparingly across the camp add to the camp's tranquil feel. These trees also help provide natural shading, which assists in keeping the tents cool during the hot summer months. Featuring 20 safari tents, Turner Springs unique tent design offers more than 180 degree clear views from your bed, creating the sense of being out in the open, whilst still providing privacy, security and comfort. The camp boasts fine dining experiences, luxurious and comfortable furnishings, personalized and butler services if required, plus a wide range of extensive features.

Ole Serai Luxury Camp - Moru Kopjes

Moru Kopjes is ideally located within the central Seronera area of the famous Serengeti National Park in the vicinity of the famous Moru Kopjes and Lake Magadi. Perched between the Rongai Hills and Nyaroboro Hills, a few metres away from the banks of the Mbalageti / Seronera River, the camp has an abundant variety of resident wildlife, as well as a hippo pool located nearby the camp itself.

Ole Serai Luxury Camp - Moru Kopjes

The camp is tastefully decorated with all 20 luxury tents featuring an en-suite with flushing toilets and pressurised showers with a 24 hour power supply. The tents and guest areas have been specifically designed to offer guests an optimum 180-degree view from each guest tent, or whilst dining or enjoying pre-dinner drinks bringing you as close to nature as possible under canvas. The stunning views embrace the surrounding acacia tortillis trees, which are spaced sparsely and help to encourage an abundance of animals in the vicinity of the camp.

Day 9: Serengeti National Park

Enjoy a morning and afternoon game drive within the park. Since David Attenborough appeared on our screens, the Serengeti has hosted numerous legendary wildlife documentaries, and for good reason. Few places in the world say 'safari' more than the Serengeti. Its vast flat plains make game viewing easy as animals have few places to hide. As a result game viewing is successful even during the heat of the day, when predators sleep in the shade of the famous flat-topped acacia trees. This massive ecosystem, which is thought to cover 30,000 square kilometres, becomes the Masai Mara National Reserve as it spreads north into Kenya.

The majority of Africa's large mammals live in the Serengeti, along with over 500 species of bird. The Serengeti is perhaps best known for the world's largest animal migration. The most popular time to view this incredible movement of wildlife is between July and September, when the animals risk the crossing of the Mara and Grumeti Rivers in the far north-west of the Serengeti. However, the migration offers wildlife experiences in the park throughout the year. After crossing the rivers, the migrating hordes continue north into the Masai Mara, where they rest and feed on lush pastures, before continuing their migration, usually in October, when they return to the Serengeti to boost their health prior to having their young in February. As a result, a visit to the Serengeti offers year-round sightings of large herds of plains animals and their predatory followers. **Serengeti Sojourn Camp - includes all meals, soft drinks, local beer and house wine by the glass. (In April/May accommodation is at Ole Serai Luxury Camp Turner Springs or Moru Kopjes* and includes all meals, soft drinks, juice, local beer, house wine and non-premium spirits).**

Day 10: Nairobi

Enjoy a final morning on safari in the Serengeti before having breakfast at the camp. After breakfast you are transferred to the airstrip and flown by scheduled flight to Kilimanjaro Airport departing at 11:00 am and arriving at 1:10 pm. From here you connect with your flight to Wilson Airport, Nairobi, departing at approximately 2:25 pm and arriving at 3:20 pm. Upon arrival you transfer to Nairobi City Centre or Jomo Kenyatta International Airport to connect with your onward arrangements. **(B).**
