Gorilla Encounter Uganda

Day 1: Bwindi Impenetrable Forest

On arrival in Kigali you will be greeted and briefed on your tour. Your drive to Bwindi Impenetrable Forest in Uganda usually takes between four and five hours. However, as this includes a border crossing to enter Uganda, and is affected by local weather and road conditions, this drive can take longer. Central Africa offers travellers the chance to view thick jungle, a series of volcanoes and lush green hillsides when travelling. Driving times can be long, but the scenery is often outstanding and certainly very different to most of Australia. Your next two nights are spent in the jungle, at Bwindi. **Kisoro Travelers Rest Hotel* or similar (LD*)**. *Lunch is dependent on arrival time.

Kisoro Travellers Rest

Built in a colonial style this hotel offers good traditional service in a very scenic location. This boutique, budget hotel offers 12 rooms with ensuite, comfortable lounge areas and surrounding gardens. Located just outside of the town of Kisoro in the south west corner of Uganda, Travellers Rest is a good option for travellers trekking to see the mountain gorillas who are on a strict budget.

Day 2: Bwindi Impenetrable Forest

This morning you leave early, with a packed picnic lunch, and drive to the headquarters of Bwindi Impenetrable National Park. The park is one of four forests where these primates inhabit. As their name implies, mountain gorillas live in forests high in the mountains, at elevations of 8,000 to 13,000 feet. At the park headquarters you are briefed by the park rangers who will guide you on your gorilla trek. Travellers are sorted into small groups of eight and guided into the park to visit the gorilla troop. Two rangers accompany the trekkers to ensure safety. The trek often takes between 45 minutes and four hours. The duration of your trek is dependant upon the location of the troop on the day. The trek is through jungle, and at a high altitude, and therefore requires a good level of fitness. Travellers with contractible illnesses, such as colds, are not encouraged to visit the gorillas as this can be detrimental to the gorilla's health.

Mountain gorillas are the largest of the great apes. They live in family groups of 10 to 30 members. It is believed that there are around 1,000 mountain gorillas left in the wild. When you first sight the gorilla troop it is common for the alpha male silverback to beat his chest at your group as a warning. Around 45 minutes to an hour is spent with the troop. Gorillas pass their time eating, playing and interacting while you sit only metres away. Spending time with a gorilla troop is one of the world's greatest wildlife experiences. It is an activity reserved for a privileged few each year.

After your trek you return to park headquarters, before transferring back to your lodge. **Kisoro Travelers Rest Hotel or similar (BLD)**.

Day 3: Kigali

Today you are transferred to Kigali. If flying out of Kigali after 6.00 pm you are taken on a city tour prior to transferring to the airport. Kigali is a sprawling city set amongst a series of hills. The tour includes a poignant visit to the Genocide Memorial which was erected on the 10th anniversary of the Rwandan Genocide in April 2004. The memorial is built on the site where 250,000 people were buried. You are transferred to the airport for your onward flight (flight not included) **(B)**.

Gorilla trek permits

Gorilla permits are not included in this tour price. This is Africa will purchase the trekking permits on your behalf at the time of booking. A copy of your current passport is required to issue permits. If you require your passport to be reissued prior to your visit, permits can be issued on your current passport. Your new passport details will then be forwarded to our Uganda office. Full payment for the permit must be made at the time of booking. Once the permit is issued it is non-changeable and non-refundable. There are no exceptions made to this rule as they are issued by a Ugandan government authority.
