Masai Mara Fly-in: Governors' Camp

Day 1: Masai Mara National Reserve

Guests will be collected early from either Nairobi's Jomo Kenyatta International Airport, or a city hotel, and transferred to Wilson Airport for a scheduled flight to Masai Mara. The flight departs Nairobi at 10:30 am and arrives at approximately at 11:20 am. On arrival you will be met and transferred to the lodge. Following lunch there will be an afternoon game drive returning to the lodge at dusk. *Those arriving on the afternoon flight will be transferred to the lodge in time to freshen-up before dinner.* **Governors' Camp - classic safari tent (LD - lunch is dependent on flight arrival time).**

Governors' Camp

Located on the riverbank of the Mara River, at a spot once reserved for the colonial governors of Kenya, Governors' Camp is an icon in the safari world. Its 37 classic tented rooms are five star and include balconies overlooking the river. Special care has been taken to emanate the atmosphere of a classic safari experience. Positioned perfectly to view the river crossings on the Mara River, Governors is one of the most popular lodges during the great migration, with sightings in July and August all but guaranteed. A high count of predators also inhabit this region of the reserve, making game viewing excellent year round. Its location also affords guests the opportunity to view the Mara's wildlife from above in a hot air balloon (own expense, please pre-book). This legendary camp deservedly books out months ahead. We highly recommend it.

Day 2: Masai Mara National Reserve

Each day safari game drives depart from camp at sunrise, or in the late morning and again in the afternoon. Alternatively, guests can enjoy extended game drives with a picnic lunch depending on seasonal conditions and in consultation with your guide. Game drives take place inside the Masai Mara National Reserve.

The Mara was designated a reserve in 1961 to allow its most famous inhabitants; the Maasai people, to farm cattle within its boundaries alongside untamed wildlife. The reserve borders Tanzania and the two countries share the vast Serengeti plains, with wildlife free to roam between Kenya and Tanzania in search of food. The Mara-Serengeti ecosystem is famous for the annual migration of over one million wildebeest and zebra between July to October. Thousands die in dramatic river crossings, with predators and crocodiles the winners. In October the animals return again to Tanzania. **Governors' Camp - classic safari tent (BLD).**

Day 3: Masai Mara National Reserve

Depart for an early morning or late morning game drive, catching the animals before the heat of the day when they are often most active. After breakfast enjoy the remainder of your morning at leisure, followed by lunch and an afternoon game drive. Return to the camp for dinner in the exclusive dining tent or outdoors under the African night sky. **Governors' Camp - classic safari tent (BLD).**

Day 4: Nairobi

Following breakfast, you will be transferred to the nearest airstrip for a scheduled flight to Nairobi. The flight departs the Mara at 11:45 am and arrives into Nairobi Wilson Airport at approximately 12:45 pm. Upon arrival, guests will be met and transferred to a Nairobi hotel, or JKI Airport where the safari ends. **(B).**
